### A Creed For Creation:

I believe in God and in nature as an inheritance which humanity has in common.

I enjoy the smell of the earth and the caress of the sun, the wind and the rain.

I enjoy the song of the birds and the murmur of the breeze that rustles the trees.

I like contemplating the crops, listening to the sigh of the corn fields, seeing the surge of the rice fields and waiting for the smell of ripe fruit.

I believe in all God's creatures, large and small. (by Erasmo Valiente)
