All notices to be left in to the Parish Office located at the Sacristy.*

The Story of the Oyster

There once was an oyster whose story I tell,
Who found that some sand had got into his shell.
It was only a grain, but it gave such pain.
For oysters have feelings although they're so plain.
Now, did it berate the working of fate which had led to such a deplorable state?
Did he curse at the government, call for election, or cry that the sea should have
given him protection? No – as it lay on the ocean shelf, it said to 'self,
'If I cannot remove it, I'll try to improve it.
So the years rolled by, as the years always do,
And it came to its ultimate destiny – oyster stew.
Now the small grain of sand that had bothered it so,
was a beautiful pearl translucent aglow.
This tale has a moral; for isn't it grand what an oyster can do with a morsel of
sand?
What couldn't we do if we'd only begin with all of the things that get under
our skin. (Anonymous)
