Thought:

September through to the Feast of St. Francis of Assisi, 4th October, is designated the Season of Creation, an annual celebration of prayer and action for the planet, for our common home.

The Symbol of the 2022 Season of Creation is the Burning Bush whose fire called to Moses as he tended the flock on Mount Horeb.

The bush, on fire but not consumed, revealed the presence of God.

Creation cries out as forests crackle, animals flee, and people are forced to migrate due to the fires of injustice that we have caused or contributed to. On the contrary, the fire that called to Moses on

Mt Horeb did not consume or destroy. The fire affirms that God hears the cries of all who suffer and promises to be with us as we follow in

faith to be delivered from injustice or whatever else is threatening us. The beauty and marvel of Creation never ceases to proclaim how

wonderful God must be, but we must be listening. During the Season of Creation, our common prayer and action can help us listen for the

voices of those who are silenced, support the work of groups who are working to prevent precious species and ecosystems, and those whose

livelihoods are threatened by habitat loss and climate change. Listening to the voice of creation may prompt us to pray and to act to

echo the cry of the Earth and answer the call of creation to leave our earth better than we find it. Send forth your Spirit O Lord and renew the

face of the earth.
