Everything is interconnected:

Everything is interconnected, and because all creatures are connected, each must be cherished with love and respect, for all of us as living creatures are dependent on one another.....

Genuine care for our lives and for our relationship with nature is inseparable from fraternity, justice and faithfulness to others....

If we make something our own, it is only to administer it for the good of all.
(Pope Francis)

Season of Creation – Blessing of Creation:

At Mass next Sunday, 17th September, as part of our celebration of the 'Season of Creation' we are going to bless water so that, with it, we can bless the creation that is around us: our garden, field, animals, pets, plants, crops, flowers, country walks we like, whatever in nature that we love and appreciate. So, we invite you to bring a small bottle of water, next Sunday, to be blessed at Mass. You can then take it home with you. It might be an idea to put a bottle aside immediately ready for next Sunday.
