Day of Prayer for Temperance:

The word temperance, like the word fortitude, is perhaps another of those words that are not used much in ordinary conversation.

But the idea of temperance is suggested in some words that are used in everyday speech. *Balance* is one of those words, I think.

We speak of wanting to lead 'balanced' lives, of wanting our judgments to be 'balanced,' our big decisions in life to be the result of 'balanced reflections.'

We speak of a person being unbalanced. We speak of balanced diets.

We try to balance our professional lives with our personal lives.

We know what people mean when we hear these phrases. Balance is something like the virtue of temperance.
