Breath:

A Sufi mystic wrote, 'All is contained in the Divine Breath, like the day in the morning's dawn.'

In '*Breathing Alive*' Reshad Field writes, 'We come into this world on the Breath of His Compassion, and we go out of this world on the Breath of His Mercy.'

In between these two eternal Breaths, all creation, human and other than human, share in this most wondrous 'moment' with our little breaths of air, the only element on Planet Earth that we all have so intimately in common. (Daniel O' Leary)

Concert:
