'Artisans of Reconciliation':

Our world bears the deep scars of conflict, inequality, environmental degradation and a growing sense of spiritual disconnection.

Yet amid these challenges, we recall that peace is not merely a human achievement, but a sign of the Lord's presence with us.

This is both a promise and a task, for the followers of Christ are summoned, to become artisans of reconciliation: to confront division with courage, indifference with compassion, and to bring healing where has been hurt.
(Pope Leo)
