Thought:
Nature can be awe-inspiring, even to the point of being almost incomprehensible. The richness of a sunset, the twinkle of stars and the diversity of animals all witness to a creator and designer. Seeing God's creation can invite us into a deeper admiration for God and His handiwork. In nature, surrounded by His creation, we may feel closer to Him. The beauty of creation is a reminder of God. When we respect any part of God's creation, be it nature or another human being, we are seeing value in what God created and admiring the creator.
